### THE ONE GROUP lifestyle hospitality

As a growing national restaurant company, we were looking for a professional resource that could help us identify additional savings through a review of certain expenses. With Bottom Line's extensive experience in the hospitality industry, we thought they were going to be the right fit. After seeing the initial results, we have been very pleased with our decision. We appreciate the a la carte of expense categories we were able to choose from and their professional attitude in working with us. I would strongly recommend Bottom Line.

### AUDEMARS PIGUET Le Brassus

Bottom Line Concepts has been an amazing partner who has helped with cost savings as well as tracking down funds which belong to us. Even with our thorough review of vendors and relationships they have been able to shed light in areas where we thought we could not improve any further. They have an extremely professional and reliable team that is always ready to help. Looking forward to building the relationship further and finding additional cost savings.

Daniel Grgoric, Finance & Operations Director

Bottom Line Concepts has delivered on their promise of achieving results. While offering a solution that provides only up-side to our company, it allows us to focus on our day-to-day operations while maximizing cost saving opportunities. It's a pleasure to work with their team of professionals and together we have succeeded with the seamless implementation of several cost saving opportunities.
